NAVY DECLASSIFICATION/RELEASE INSTRUCTIONS ON
FILE

Mr. Matthew Baird
Director of Training
Central Intelligence Agency
2430 "E" Street, N.W.
Washington 25, D.C.

Dear Mr. Baird:

In June of each year, the Naval Intelligence Postgraduate School conducts a two-week training course for approximately fifty (50) reserve intelligence officers. The course is designed, among other things, to bring the reserve officer up-to-date on the composition and functions of the Intelligence Community. With this in mind, it is believed that a lecture on "The National Intelligence Estimate" would be most helpful in meeting one of the purposes of the course.

It would, therefore, be greatly appreciated if a member of the Central Intelligence Agency could be made available to present a lecture to the reserve-officer students on the subject of the Estimate. If feasible, the most fitting date would be Monday, 20 June 1960, between the hours of 1300 - 1450. It is anticipated there would be a question-and-answer period following the lecture in order for student officers to ask any questions they may have, all to be included in the two-hour period.

Should this request receive favorable consideration, details may be arranged by informal liaison with LCDR John J. PAVELLE, Jr., USN, who will coordinate this matter for the school. LCDR PAVELLE may be contacted by telephone on Code 1215, Extension 458.

All reserve student officers are cleared for material up to and including SECRET.
